

PASTURE PERFORMANCE-TESTED ANGUS BULL SALE

SATURDAY • OCTOBER 27, 2012 • NOON

Dear Friends,

It's our pleasure to welcome you and your family to join us for the 2012 annual **Tanner Farms Pasture Performance-Tested Angus Bull Sale**. We are excited to offer you this set of 85 coming two-year-olds who are soundness tested, guaranteed fertile, and part of our certified herd.

These bulls are accustomed to the heat and humidity of our Southern environment because they are born and raised on our Mississippi farm. They're raised on a forage-based ration and then placed on an 80-day test to see how well they will grow and perform. Non-performers are taken out of the program so we only offer you bulls that will have a strong positive impact on your operation and your bottom line. Because our bulls are fertility tested at 13 months and again prior to the sale, you can release these bulls into your herd with confidence. Our goal is to help you produce market-topping feeder calves that will weigh more with less input, and develop an easy fleshing, fertile herd with productive longevity. Seeing the difference an Angus bull made within our commercial calf crop was what convinced us to go into the Registered Angus business. The Angus influence took away all the variances for which they typically docked our calves. We're happy to offer personalized service to our customers and will help you select a bull that will best meet your specific needs. Call or come by the farm and we'll be glad to assist you in any way.

We want to say a special "Thank You" to all our past customers! You are a very valuable asset to our program and we appreciate the confidence you continue to place in our farm. Your support and friendship are the cornerstone of our operation.

Our entire family invites you to join us for an exciting sale day, great food, and warm Southern hospitality! Come early and join us for a country breakfast at 8:00 a.m. and look over the cattle. Lunch will be served at 11:00. Also on sale day, the restored plantation home, Tannahoe, will be open for tours between 9:00 a.m. - 10:30 a.m.

See you there!

Gary and Lorrie Tanner

Purchasing and restoring a farm dating back to 1845, we began to expand our registered Angus program. Much work had to be done to bring this once-thriving farm back to life. For almost thirty years, the farm and plantation home had lain fallow and unoccupied. Fields were reclaimed, fences and ponds built and repaired, and grasses and corn were planted where long ago cotton had once been king. The lush green hills today bear witness to God's redemptive hand on this land just as He works in the lives of people. The Lord blessed us in this undertaking; may He be honored and glorified in all we do!
