Dear Friend,

We want to invite you and your family to join us on **Saturday, October 28, 2017** at noon for our annual **Tanner Farms Bull and Female Sale**. We have a great set of coming 2-year old Angus bulls ready to go to work. They have passed a soundness exam, are Trich tested, guaranteed fertile and part of our certified herd. We will also be offering an excellent set of registered and commercial spring-calving heifers.

Our family has been in the cattle business since 1955 and our farm is ranked within the top 100 Seedstock Producers across the country. Creating the best genetic combination is the foundation of what we do. Our goal is to raise animals that would pass along these national ranking genetics to your own program. Purchasing and building Tanner Farms genetics into your herd will create a high performing calf crop with fewer culls, greater uniformity and higher feed lot performance. These strong bulls will be direct inputs enabling your herd to produce its best calf crop yet.

We are happy to offer personalized service to our customers and will help you select a bull that will meet your specific needs. Whether you are looking for a calving ease bull for heifers or a bull for your mature cow herd, we have a bull to fit your needs. Call or come by the farm and we will be glad to assist you. **Videos of sale bulls are on our website by October 1.**

Plan to be with us on sale day for good food, fellowship, and warm Southern hospitality! Cattle will be available for viewing at 3:00 p.m. on Friday.

See you there!

*Selling 100 two-year-old and coming two-year-old Angus, along with an excellent set of both registered Angus and commercial heifers. These cattle are raised in a commercial-like setting on a forage-based high-fiber ration and the sale offering features a large group of calving-ease bulls. The bulls have passed two breeding soundness exams. They are trich tested, functional and adaptable to pasture conditions, accustomed to heat and humidity, and backed by strong maternal and performance genetics by leading sires, along with the Tanner 100% satisfaction guarantee.*

*Gary and Lorrie Tanner with their family and crew will present one of the largest and finest Angus offerings anywhere in America this fall on Saturday, October 28, 2017. Never in history has there been a better time to invest in quality Angus genetics than right now.*

*Plan now to be on hand sale day, or feel free to call on any of us at the American Angus Hall of Fame, if we can be of assistance in any way.*

Sincerely,

Tom Burke

*Purchasing and restoring a farm dating back to 1845, we began to expand our registered Angus program. Much work had to be done to bring this once-thriving farm back to life. For almost 30 years, the farm and plantation home had lain fallow and unoccupied. Fields were reclaimed, fences and ponds built and repaired, and grasses and corn were planted where long ago cotton had once been king. The lush green hills today bear witness to God's redemptive hand on this land just as He works in the lives of people. The Lord blessed us in this undertaking; may He be honored and glorified in all we do!*
